Notes to the Condensed Interim Financial Statements September 30, 2023 (Expressed in Canadian Dollars) (Unaudited)

1. General Business Description

Chibougamau Independent Mines Inc. (the "Corporation", "CIM") was incorporated under the Canada Business Corporations Act on December 13, 2010, as a wholly-owned subsidiary of Globex Mining Enterprises Inc. ("Globex") with the intention of acquiring and developing properties located in the Chibougamau Mining District of Québec. It is focused on reviving production in the Chibougamau gold-copper mining camp.

On September 10, 2012, Globex and CIM entered into an Arrangement which resulted in the reorganization of the Corporation's capital and the receipt of cash and cash equivalents, certain investments held by Globex as well as the transfer of ten properties from Globex to CIM. Under a Plan of Arrangement, effective December 29, 2012, ten properties were transferred from Globex to CIM subject to a 3% Gross Metal Royalty ("GMR") in favour of Globex. On October 3, 2016, Globex announced that the 3% GMR on a number of claims related to the Mont Sorcier project had been reduced to 1%, but extended to claims acquired by CIM in 2016 and therefore applicable to the entire historical mineral deposit.

The Corporation's head office and principal business offices are located at 86, 14th Street, Rouyn-Noranda, Québec, J9X 2J1.

The CIM shares trade on the TSX Venture Exchange ("TSXV") under the symbol CBG, on the Stuttgart and Frankfurt exchanges under the symbol CLL1, as well as on the OTC Markets (USA) under the symbol CMAUF.

2. Basis of Presentation

Statement of Compliance

The Corporation applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretation issued by the IFRS Interpretation Committee. These unaudited condensed interim financial statements have been prepared by management in accordance with IAS 34 - Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by the IASB.

The preparation of unaudited condensed interim financial statements in accordance with IAS 34, requires the use of certain critical judgments, estimates and assumptions that effect the applications of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgments made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as those that were applied in the audited financial statements as at and for the year ended December 31, 2022.

Notes to the Condensed Interim Financial Statements September 30, 2023 (Expressed in Canadian Dollars) (Unaudited)

2. Basis of Presentation (Continued)

Basis of Presentation and Going Concern

These unaudited condensed interim financial statements were prepared on a going concern basis, under the historical cost basis, except for certain assets that are measured at fair value through profit and loss as indicated in note 3 of the Corporation's audited financial statements for the year ended December 31, 2022. All financial information is presented in Canadian dollars.

Since its incorporation, the Corporation has accumulated a deficit of \$11,743,225 (December 31, 2022 - \$11,955,504) and during the nine months ended September 30, 2023, incurred a net income and comprehensive income of \$212,279 and cash provided by operations of \$251,867. The Corporation's ability to continue as a going concern depends on its ability to realize its assets and to obtain additional financing. While it has been successful in doing so in the past, there can be no assurance it will be able to do so in the future. The above factors indicate a material uncertainty that casts significant doubt as to the Corporation's ability to continue as a going concern.

CIM is in the exploration stage and is subject to the risks and challenges particular to companies at this stage. There is no assurance that CIM's projects will be successful. As a result, there is uncertainty regarding CIM's ability to continue to operate as a going concern. The Corporation's continuing operations are dependent on the ability to secure adequate financing, the discovery of economically-recoverable mineral reserves, securing and maintaining title or beneficial interests in the mining properties and on future profitable production or proceeds from the disposition of mineral property interests.

These unaudited condensed interim financial statements have been prepared on a going-concern basis which contemplates that the Corporation will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of business. This assumption is based on the current net assets of the Corporation and management's current operating plans.

These unaudited condensed interim financial statements do not reflect the adjustments to the carrying values of assets and liabilities, the reported amounts of revenues and expenses and the classification of statement of financial position items if the going concern assumption was deemed inappropriate. Management did not take these adjustments into account as it believes in the validity of the going concern assumption.

Approval of Financial Statements

The Corporation's Board of Directors approved these unaudited condensed interim financial statements on November 24, 2023.

3. Summary of Significant Accounting Policies

These unaudited condensed interim financial statements have been prepared using the same accounting policies and methods of computation as compared with the most recent annual financial statements (note 3) of the Corporation's audited financial statements for the year ended December 31, 2022.

The disclosure contained in these unaudited condensed interim financial statements does not include all the requirements in IAS 1 - Presentation of Financial Statements. Accordingly, these unaudited condensed interim financial statements should be read in conjunction with the audited financial statements for the year ended December 31, 2022.

Reduction related to qualified exploration expenditures		(28,364)		(100,738)
Balance, end of period	\$	36,705	\$	65,069

⁽i) The flow-through liability represents the excess of the proceeds received from flow-through shares over the fair value of the shares issued. Further details are provided in note 12(a)(i).

This liability is not settled through cash payments. Instead, this balance is amortized against qualifying flow-through expenditures which are required to be incurred before December 31, 2023 (note 15).

8. Revenues

A summary of the revenues for the respective periods follows:

	\$	680,000	\$	30,000	\$ 680,000	\$ 30,000	

⁽i) On July 15, 2022, a cash payment of \$30,000 from Voyager Metals Inc. related to the Mont Sorcier property was received.

(ii) On August 11, 2023, the Corporation entered into a definitive Option Agreement with TomaGold pursuant to which CIM granted TomaGold an option to acquire the West Block, comprised of 99 claims in Barlow and McKenzie Townships, Quebec.

In order to exercise its option and acquire a 100% interest in the West Block, TomaGold must make cash payments to CIM in an aggregate amount of \$2,650,000 over a period of five years, including an initial payment of \$300,000 on the effective date of the Option Agreement; issue 6 million shares to CIM within five business days of the effective date of the Option Agreement; issue additional shares to CIM on an annual basis for five years thereafter in an aggregate amount of \$1,350,000, at an issue price per share equal to the volume weighted average trading price of TomaGold's shares at the respective dates of issuance; and incur expenditures on the West Block in an aggregate amount of \$5,600,000 over a period of five years, including \$600,000 in the first year. Any shares issued by TomaGold to CIM under the Option Agreement will be subject to a four-month hold period under applicable securities regulations and the policies of the TSXV.

CIM will retain a 2% GMR on the West Block, as will Globex. TomaGold has the right to repurchase 0.5% of the 2% GMR held by each of CIM and Globex for a total purchase price of \$1,500,000, to be divided equally between CIM and Globex.

On September 15, 2022, a cash payment of \$300,000 and 6,000,000 common shares with a fair value of \$180,000 were received from TomaGold.

Notes to the Condensed Interim Financial Statements September 30, 2023 (Expressed in Canadian Dollars) (Unaudited)

8. Revenues (Continued)

(iii) On August 11, 2023, the Corporation entered into a letter of intent ("LOI") with TomaGold for a potential sale of the East Block to TomaGold. The East Block is comprised of 127 claims in McKenzie, Obalski, Roy and Lemoine Townships, Quebec.

Under the LOI, CIM undertook not to seek to enter discussions or negotiations with any party other than TomaGold regarding the sale of the East Block for a period of 180 days from the date of the LOI, in consideration for which TomaGold will pay \$200,000 to CIM. During the 180-day period, TomaGold will be entitled to carry out a due diligence review of the East Block.

An indicative term sheet forming part of the LOI provides that if CIM and TomaGold enter into a definitive agreement for the purchase and sale of the East Block, the purchase price will be \$11,000,000 in cash payments from TomaGold to CIM over a period of two years, including \$5,000,000 upon signing of the definitive agreement, and the issuance by TomaGold to CIM the closing date of the sale of 10,000,000 common shares at a deemed price of \$0.05 per share. The LOI provides that TomaGold will grant a first-ranking hypothec to CIM as security for payment of the cash purchase price for the East Block.

The LOI also provides that TomaGold will grant a 2% GMR on the East Block to each of CIM and Globex and that TomaGold will have the right to repurchase 0.5% of the 2% GMR held by CIM and Globex, respectively, for \$750,000 for each 0.5% purchased.

The LOI does not constitute a legally binding contract, offer or promise of sale of the East Block and no assurance can be given by CIM that it will enter into a definitive agreement with TomaGold with respect to the sale of the East Block on the terms and conditions set out above or at all. Any definitive agreement with respect to the sale of the East Block will be subject to regulatory approval, including that of the TSXV, and may be subject to shareholder approval.

On September 15, 2023, a cash payment of \$200,000 was received from TomaGold.

The fair market value of the FT shares was \$249,431 (\$0.115 per share) based on the TSXV closing price of the Corporation's common shares on December 29, 2022. The \$65,069 difference between the gross proceeds and the fair value of the shares at issuance has been reflected in flow-through liability.

In addition, the Corporation issued 3,450,000 common shares at a price of \$0.10 per common share for gross proceeds of \$345,000.

The Corporation also issued 120,000 common shares in payment of finder's fees which were valued at \$13,800.

(ii) On January 16, 2023, the Corporation completed the second and final tranche of a non-brokered private placement by issuing 1,750,000 additional common shares at a price of \$0.10 per share for proceeds of \$175,000.

b) Shares to be issued

During the year ended December 31, 2022, the Corporation received proceeds of \$25,000 for shares that were issued on January 16, 2023. Refer to note 12(a)(ii).

13. Related Party Information

a) Related party payables

	Sept	tember 30, 2023	Dec	December 31, 2022		
Globex	\$	30,822	\$	24,658		

The Corporation is considered a related party with Globex as management consisting of the President and Director, who hold the same positions with both entities. In addition, the President and Chief Executive Officer ("CEO") holds a large number of common shares of both organizations through Jack Stoch Geoconsultant Services Limited, a company controlled by the President and CEO, and therefore can significantly influence the operations of both entities. The amount payable bears no interest, is without specific terms of repayment and is unsecured.

b) Management services

On December 29, 2012, CIM entered into a Management Services Agreement with Globex under which the Corporation would receive management services including administrative, compliance, corporate secretarial, risk management support and advisory services.

	Three months ended September 30,				months ended ptember 30,		
	2023		2022	2023		2022

15. Commitments and Contingencies

At period-end, the Corporation has a commitment to incur qualified exploration expenditures to meet its flow-through obligations as described in note 7 and has no other outstanding commitments outside the normal course of the business. Pursuant to the terms of flow-through share agreement, the Corporation is in the process of complying with its flow-through contractual obligations to subscribers with respect to the Income Tax Act (Canada) requirements for flow-through shares. As of September 30, 2023, the Corporation was committed to incurring approximately \$177,400 in Canadian Exploration Expenditures (as such term is defined in the Income Tax Act (Canada)) by December 31, 2023 arising from the flow-through offerings.

The Corporation's operations are subject to governmental laws and regulations regarding environmental protection. The environmental consequences are difficult to identify and it is also a challenge to anticipate the impacts of deadlines.

At the period-end, management believes to the best of its knowledge that CIM is in conformity with all applicable laws and regulations. Restoration costs, if any, will be accrued in the unaudited condensed interim financial statements and reflected in the unaudited condensed interim statement of income (loss) and comprehensive income (loss), if and when they can be reasonably estimated.
